

# Wasteflo WC3 - Macerator

The Wasteflo WC3 macerator is ideal when transforming any area into a complete bathroom or en-suite. Its attractive and slim design is fully compatible with standard and slimline sanitaryware.

## Application

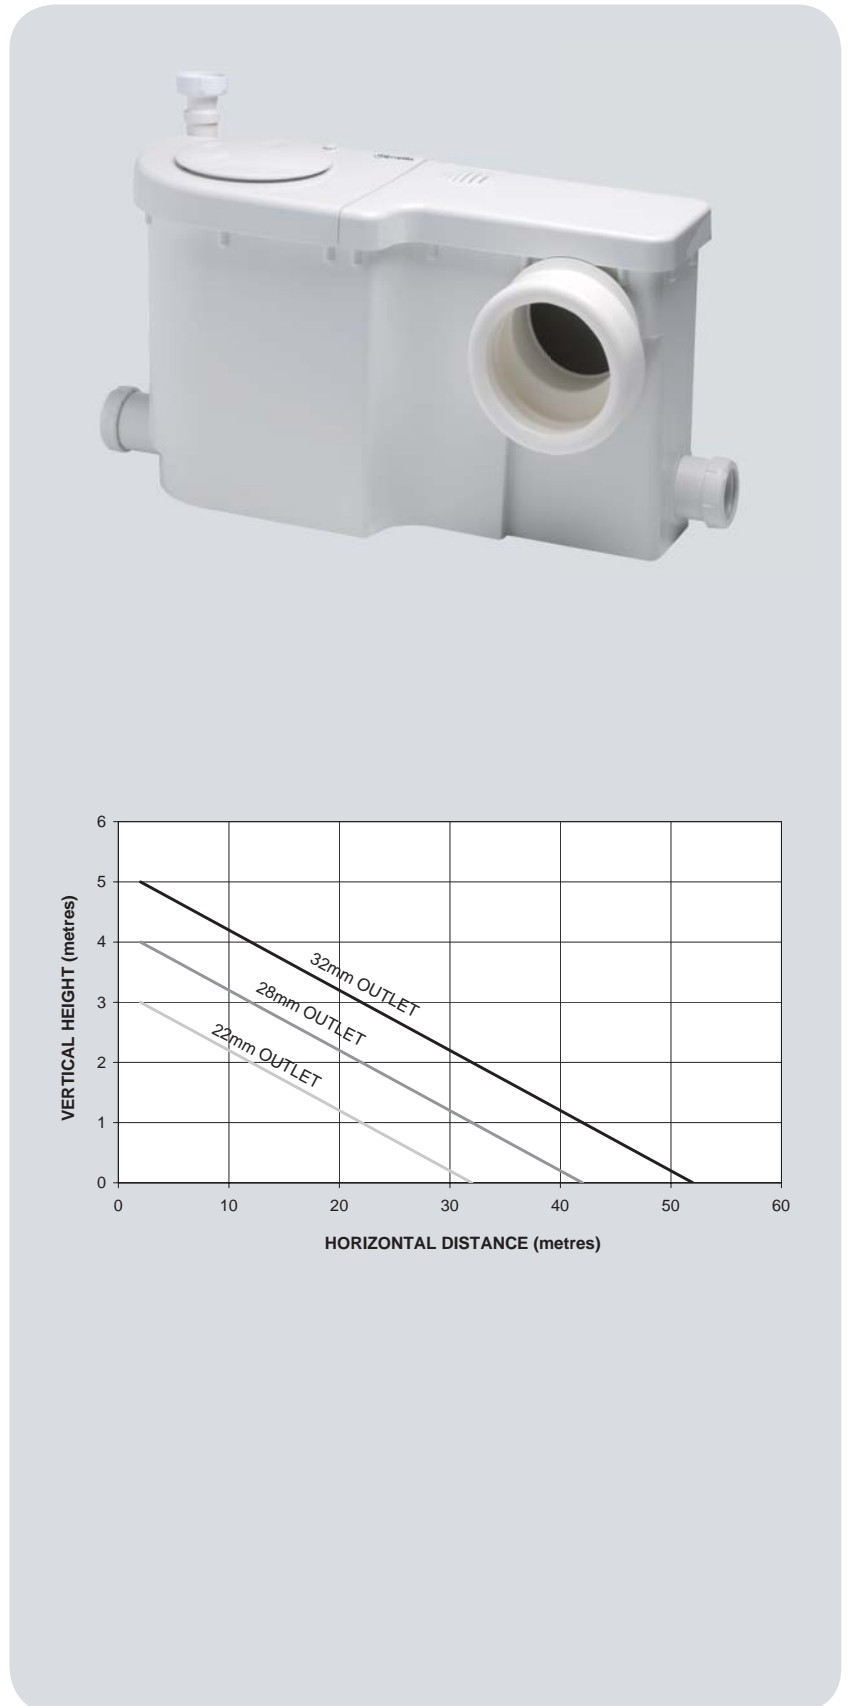

Macerators are a simple way to pump waste water from a sanitary appliance where there is no local access to a soil pipe.

## Features & Benefits

- Easy to fit.
  - The slimline design of the Wasteflo macerator enables it to fit behind a WC whilst allowing the cistern to be fixed directly to the wall without the use of battens.
  - WC coupling is adjustable to accommodate variations in toilet position and is push-fit. No clips or tools are required.
  - Outlet connection is adjustable to suit a range of waste pipe sizes.
- Easy to maintain.
  - An innovative watertight cassette unit enables easy removal, cleaning and maintenance of the working parts without having to remove the WC, cistern or pipework.

## Specification

- One toilet pan connector with innovative inbuilt height adjustment ( $\pm 16$  mm).
- Two side inlets suitable for 32 mm (1¼") waste pipe to connect to a basin or shower (40 mm (1½") inlet adaptor included).
- Outlet - suitable for 32 mm, 28 mm or 22 mm waste pipe.
- Pumps up to 5 m vertically or 52 m horizontally.
- Maximum flow rate of 90 l/min.
- Complies with BS EN 12050.
- Less than 60 dB noise level.
- Supplied pre-wired with 1.5 m supply cable.
- Full range of spares available.

## Wasteflo WC3 - Macerator

Model	Motor	Max. watts consumed	Amps full load	Carton dims. mm			Gross weight (packed) kg	Part no.
				L	W	H		
WC3	230/1/50	500	2.2	580	270	385	9.9	46576
