

**IMPROVED MATERIAL**

**COMPACT IN DESIGN**

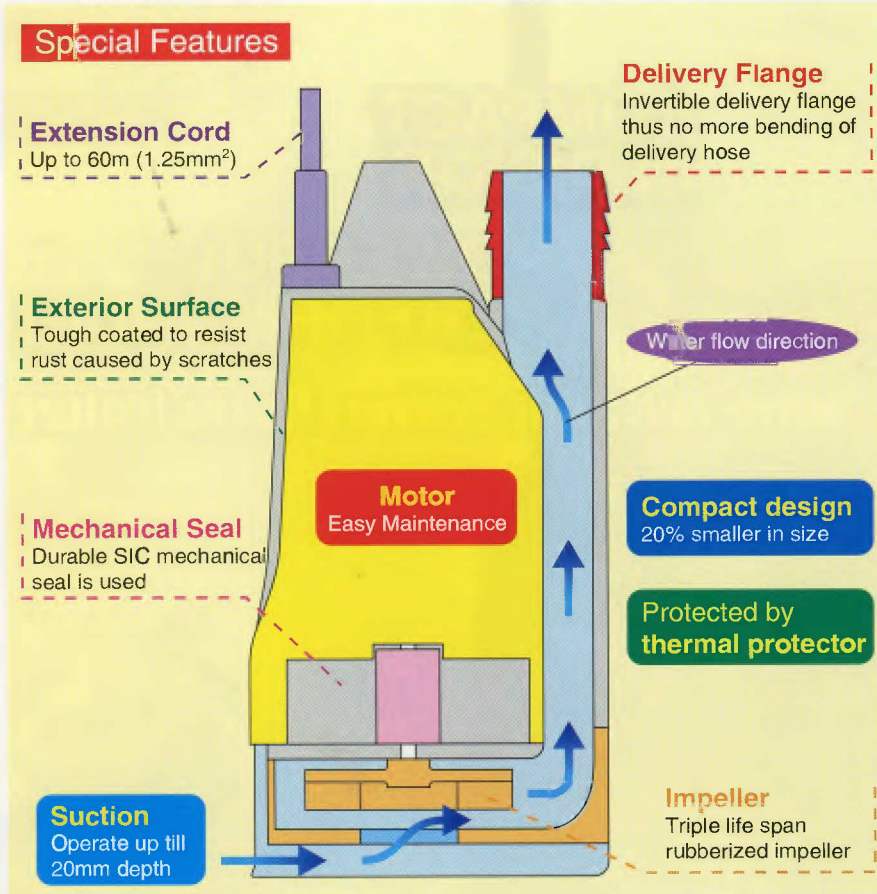

**SUPERIOR CONSTRUCTION**

**POWERFUL PERFORMANCE!** (200% overrating)

**New generation submersible pump- Invertible delivery flange feature**

## Excellent durability suitable for various purposes

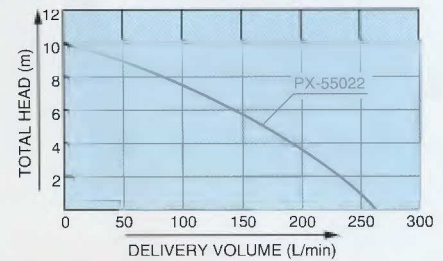

Triple life span due to special rubberized impeller as compared with cast iron impeller.

### Suitable for

- Construction site
- Pond/aquarium usage
- Agricultural irrigation
- Home/domestic application

### Performance curve

Change delivery flange direction and delivery hose will never be bent again.

For the purpose of improvement, specifications are subject to changes without notice.

### Specifications

Model		PX-55022
PUMP	Connection Dia	50m/m (2")
	Total Head	10m
	Delivery Volume	260 liters/min
MOTOR	Voltage	AC-220V (180V~260V)
	Frequency	50Hz
	Out put	400W
	Rated Current	3.2A
	Consumption	620W
	Revolution	2900rpm
	Model	Condenser Induction Motor
	Power Cord	5m
Standard Accessories	1 Hose Bands 1 Rope	
Gross Weight	25kg	
Dimension	258x500x424	

Condenser motor requires 3 times starting rated current.
